GP/5/18(7) and (8) (parcels land 6 of block 7886 of Qalansuwa) were allocated to you as a Forest Reserve. These parcels neighbour parcels 1 and 3 block 7886 of Et Taiyiba, the lease of which was approved to the Benei Dror ex-servicemen on condition that by agriculture or forestry they would fix the sand. Pending the execution of the lease, I would be grateful if your watchman at the Forest Reserve would keep an eye on these two parcels and let me know if they are occupied in any way.

Subject :- Lease of State Domain Forest Reserve No. 300.

Reference:- Your GP/5/18(10) of 23rd November, 1946.

There is no technical reason why parcel 4, block 7884, should not be handed back to you for disposal as you think fit.

2. As this parcel has been proclaimed Forest Reserve No. 300, it will be necessary to cancel the proclamation.

3. Forest Reserve Nos. 301, 302, 303 and 304, numbered on the attached sketch as parcels 5 and 1 in block 7884 and 7 and 10 in block 7883 are small areas of land. As their usefulness as Forest Reserves is nil, and as they were only allocated to the Conservator of Forests to be used as bargaining material should other areas be required, I should be glad if you would take them over at the same time as parcel 4. Should you agree, I should be enabled to cancel all these reserves in one Gazette notice.

This image shows a full page of blank graph paper. The paper has a light cream or off-white color. A uniform grid of thin black lines covers the entire surface, creating small squares. There are approximately 20 columns and 20 rows visible. On the right side, there are three vertical lines that run from top to bottom, slightly offset from the main grid. A single dark speck is located near the top right corner. The edges of the paper show some slight wear and discoloration.

Reference:- Your GP/5/18(23) of 13.10.43.

The two parcels under this State Domain number were taken over by this Department for protection only pending other arrangements for their development. That being so, I have no objection to offer to their use by the Army. The parts of each parcel excluded by the Army from their camp are so small that their protection may present some difficulty under the circumstances. I suggest that if the Army wants the remainder of the land rent free they should, in addition, accept full responsibility for the protection of those small plots.

Subject :-State Domains GP/5/18/23)
and GP/5/18(12.-Qalansuwa
village, Tulkarm Sub-
District.

The above mentioned areas which have been allotted to the Conservator of Forests for protection were described as hereunder in the schedule appended to the block index plan of Qalansuwas which you forwarded to the Department of Forests together with the allotment:-

State Domain No.	Block No.	Parcel No.	Area in dun.
GP/5/18(23)	7878	3	452.258
GP/5/18(12)	7877	8	147.918

2. They have been accordingly described in the Proclamation of these areas as a Forest Reserve under serial No.299 in Gazette No.1080 of 27.2.41.

3. On the occasion of a recent inspection of the reserve boundaries for control purposes it has been necessary to consult the original 1/2500 registration block plans and it was found that according to these plans parcels 7878/3 and 7877/8 had been cancelled and, it appears, substituted respectively by parcels 7878/7 (402.054 dunams) and 7877/10 (103.405 dunams) with reduced boundaries and areas.

4. I shall, therefore, be glad if you will provide me with up-to-date copies of the history sheets and maps of the above mentioned State Domain areas in order to enable an effectual control over them and, if necessary, to amend the reserve proclamation.
